

***Fun way to work and play for better horsemanship.***

Erika Jansson’s Cavaletti Clinic helps the rider create a sport horse that is highly responsive, maneuverable, can rapidly and smoothly collect or extend the gaits, stop, turn, and remain balanced. Erika’s 45 minutes of instruction deliver results that other training doesn’t accomplish in years. Best known for her ability to achieve fast results with no pressure for the horse or the rider, she supplies her students (two & four legged) with volumes of empathy and encouragement.

The motto of the clinic is “all breeds, all disciplines, all levels.”

Dubbed the “Cavaletti Lady,” Erika brings 30-plus years of exceptional knowledge and career accomplishments from her native Sweden, as well as Germany, New Zealand, and California.

# July 2019 - Meet the "Cavaletti Lady": Erika Jansson
